

## 2D Barcode Scanner DRIVERS LICENSE READERS

All State ID

# MODEL M210

The Affordable 2D for Age/ID Verification

### Standard Product Features

- High Performance 2D (PDF 417) Barcode Reading
- Small Footprint and Easy Operation
- Read AAMVA Standard Cards
- Compatible with Kiosk Assembly

The Model M210 with advanced technology 2D barcode reading capability. It can read any government issued ID card with 2D barcodes. This creates a reliable and affordable business solution for Age Verification and transaction processing.

The data is also transferred to the host device via a standard USB interface or RS-232 serial port. In addition to the standard side access cable interface connector, the Model M210 has incorporated a bottom mounted interface connector, making it an ideal solution for kiosk application environments.

#### Ideal For:

Nightclubs, Bars, Casinos, Hotels, Law Enforcement, Patient Registration and Access Control. The Model M210 can be used anywhere your application requires reading an ID or Drivers' License.

Age  
Verification

Law  
Enforcement

Patient  
Check-in
